### Tools - Font

The Repaginator provides the option to change the display font for the input data file and the repaginated output.

To change the font in Repaginator:

- Choose Font from the Tools menu.
- In the Font dialog box,
  - Font - select the font type.
  - Font Style - font can be Regular, Bold, Italic or Bold Italic.
  - Size - select the size of the font.
  - Effects - check the Underline box for the text to be underlined.
  - Color - select the color of the text.
  - Script - the script that determines in which writing system to show the print stream in the Repaginator window.
